### Special Council Shop Hours-November 18

This Saturday, the council shop will be open 9 AM to 1 PM for shopping, Fall Product pick-up, and over-the-phone order placing! Give us a call, send an email, or stop by – we'd love to see you or hear from you!

If there is a schedule change on Saturday due to road conditions and/or weather, we'll keep you updated on our Facebook page.

### Fall Product Program News

Fall Product Items Have Begun to Arrive!  
Fall Product Items have begun to arrive across the state! Your service unit fall product contact will reach out to you when your items are ready to be picked up. If your pick-up location is the council office, we are ready for you! If you or your service unit are short any items, please let us know right away so we can get you what you need!

**Last day for Girl Scouts to deliver their Fall Product Orders**  
November 27 is the last day for Girl Scouts to deliver their Fall Product Orders. We know that some girls will be making deliveries to family members over the winter holidays, but with the official end to the program girls and troops need to wrap up financials. Talk to your families about getting their owed money in before the ACH on December 1.

**Fall Product ACH**  
If your troop owes council money for Fall Product sold, we will do an ACH sweep on December 1 for the amount owed. This means council will automatically pull the money from your troop bank account. Please make sure that your troop has the necessary funds in their account before that date. All troop proceeds will remain in your account.

If your troop had mostly or entirely online transactions, council may owe you troop proceeds! If we owe you, we will automatically push that amount into your account later in December.

### Cookie Program News

Cookie training this year will be available in many different formats, including on gsLearn! On December 1 we will release a gsLearn training series to work at your own pace through the cookie training modules.
