

Digital Cookie enhancements for the 2021 Cookie Season.

1

Parents:

- Mark an order undelivered if accidentally marked delivered
- Year 2 of the entrepreneur pin is included in Digital Cookie
- Parent can enter initial cookie order. Leader can view. Does not flow to eBudde.
- Girls can see their troop's progress towards the troop goal
- Parents can turn off girl delivery and/or cookie varieties for girl (after Initial Order)
- Parents can track their personal inventory. This will be informational and does not feed or affect eBudde.

2

Troop Leaders:

- New Dashboard with better view of girls and their progress
- Troop goals and progress towards goals
- Alerts if parents turn off delivery or varieties
- Reports of all orders, initial orders, girl's progress towards badges
- Troop have the ability to set up "Troop Links." Similar to the girls, these links can be emailed to customers. Links currently only have the ability to take Direct Ship orders or orders for donated boxes.
 - Customers who are interested in a girl delivered order will need to purchase through a girls' link that has girl delivery available.

3

Mobile Ability:

- OCR-ability to scan customer's credit card instead of manually enter (great for contactless!)
- Troop level login so sales are credited to troop at a booth instead of a girl.
