

Cookie Delivery and Porch Drop-offs during COVID-19

Do:

- Contact your customer ahead of time to confirm delivery time.
- Wear a mask during delivery. This is required!
- Practice “no contact” deliveries or maintain social distancing of at least 6 feet.
- If cookies haven’t already been paid for, try to collect payment over the phone ahead of time.
- Have an adult make the delivery on behalf of the girl.
- Have your girl write a handwritten thank you note to the customer to deliver alongside the cookies.
- Bring gloves, hand sanitizer or sanitizing wipes for before and after delivery.

Don't:

- Leave cookies on a doorstep without confirming someone is home. Council **will not** be covering the cost of cookies that are stolen or vandalized from drop-offs.
- Enter a customer’s home.
- Shake hands or physically come in contact with the customer.
- Leave boxes out in plain sight. Place them inside a paper bag or leave cookies in an inconspicuous place.
- Deliver if you feel uncomfortable.
