

Get Outdoors!

New outdoor
patches now
available!

Adventure Club

Are you prepared and ready for an adventure outdoors? Adventure Club is for you! To earn your patch and status as an adventure club member you will try three activities that challenge you to try new things, build outdoor skills, and confidence. The opportunities are endless!

Every Girl Outdoors

In this ongoing patch program, girls will experience what it means to be a citizen scientist, a backcountry chef, take action in their community, and spend a night under the midnight sun. We want you to experience Alaska's natural environment by trying something new.
