*I used to have an old banjo that rested on my knee,
But no the strings are broken and it's no more use to
me.*

*I took it to the menders shop to see what he could do,
He said the strings are broken and it's no more use to

Birdie Song (Way up in the sky)

Way up in the sky
The big birdies fly
While down in the nest
The little birds rest
With a wing on the left
And a wing on the right
The little birds sleep all through the night
Shhh ---They're sleeping
The bright sun comes up
The dew falls away
Good morning, good morning
The little birds say

Black Socks

Black socks they never get dirty,

The longer you wear them the blacker they get.

Someday I'll think about washing them.

Something keeps telling me don't do it yet.

Not yet, not yet, not yet.

Donut Song

Well, I ran around the corner,

And I ran around the block,

And I ran right into a donut shop,

And I picked up a donut, and I wiped off the
grease,

And I handed the lady a five cent piece.

Well, she looked at the nickel,

And she looked at me,

And she said, "This money isn't good, you see.

There's a hole in the middle, and it goes right
through."

And I said, "There's a hole in the donut, too. Thanks
for the donut. Toodaloo."

Fly in the Grocery Store

A fly walked into a grocery store,

Alone, tee-hee, all alone.

He'd never been in a store before,

Alone, tee-hee, all alone.

He sat on the meat,

Put his feet on the ham,

He stuck out his tongue at the grocery man,

And then he walked out of the store again,

Alone, tee-hee, all alone.

Hippo Song

What can make a hippopotamus smile?

What can make her walk for more than a mile?

It's not a tune on the old violin

Or listening to the whispering wind

That's not what hippos do!

THEY---

Ooze through the goos without any shoes

They wade in the water 'till their lips turn blue

That's just what hippos do!

What can make a hippopotamus smile?

What can make her walk for more than a mile?

Not swooshing down a slippery slide

Or going for a bicycle ride

That's not what hippos do!

They ooze in the goo without any shoes

And they wade in the water 'till their lips turn blue

That's just what hippos do!

It's Not Hard

Proud to be Me

I’m proud to be me,
But I also see
You’re just as proud to be you.

We may look at things
A bit differently,
But lots of good people do.

It’s just human nature
So why should I hate you,
For being as human as I?

We’ll get and we’ll give,
And we’ll live and let live,
And we’ll all get along if we try.

I’m proud to be me,
But I also see
You’re just as proud to be you.

It’s true!
You’re just as proud to be you.

Sun Song

The sun is a mass of incandescent gas
A great big nuclear furnace
Where hydrogen is built into helium
At a temperature of millions of degrees
My gosh, that's hot
The sun is not a place where we could live
But here on Earth there'd be no life without the
light it gives.
We need its light. We need its heat. We need its
energy.
Without the sun, without a doubt, there'd be no
you and me.
The sun is a mass of incandescent gas.
A gigantic nuclear furnace
Where hydrogen is built into helium
At a temperature of millions of degrees

Supercalifornia Surfer

Super California surfer,
Expert on the ocean.
Even though the most of them
Do not use suntan lotion.
If they hit a wave too hard
They're always in a motion.
Super California surfer,
Expert of the ocean.

Um didle iddle iddle um diddle lie,
Um didle iddle iddle um diddle lie,

Because I was afraid to surf
When I was just a lad,
My father took my board away
And told me I was bad.
But then I learned the word
That every surfer knows,
The longest word you ever heard,
And this is how it goes... Super California surfer,
expert of the ocean.

Swimming in the Swimming Hole

Swimming, swimming in the swimming hole.
When days are hot, when days are cold.
In the swimming hole.

else to do but...
(Repeat humming more parts each time but
continue to do motions.)

Slower/ Campfire Songs

Annie's Song

You fill up my senses
Like a night in a forest
Like the mountains in springtime
Like a walk in the rain
Like a storm in the desert
Like a sleepy blue ocean
You fill up my senses
Come fill me again

Come, let me love you
Let me give my life to you
Let me drown in your laughter
Let me die in your arms
Let me lay down beside you
Let me always be with you
Come, let me love you
Come love me again

You fill up my senses
Like a night in a forest
Like the mountains in springtime
Like a walk in the rain
Like a storm in the desert
Like a sleepy blue ocean
You fill up my senses
Come fill me again

Barges

CHORUS

Barges, I would like to go with you,
I would like to sail the ocean blue.
Barges, have you treasures in your hold?
Do you fight with pirates brave and bold?

Out of my window looking in the night,
I can see the barges flickering light.
Silently flows the river to the sea,
As the barges go by silently.

CHORUS

Out of my window looking in the night,
I can see the barges flickering light.
Starboard shining green and port is shining red,
I can see the barges from my bed.

CHORUS

(Optional Extra Verses)

Out of my window looking in the night,
I can see the barges flickering light.
Anchors start to pull and engines start to roar,
As the barges pull away from shore.

CHORUS

Out of my window looking in the night,
I can see the barges flickering light.
Stars are brightly lighting up the sky,
As the barges seem to skip right by.

CHORUS

Out of my window looking in the night
I can see the barges flickering light.
Taking their cargo out into the sea,
How I wish someday they'd take me.

CHORUS

How my heart wants to sail away with you,
As you sail across the ocean blue.
But I must stay beside my window clear,
As the barges sail away from here.

CHORUS

Blue Bottle

I've got a little present here for you,
Inside this tiny bottle so very small and blue,
Please do not uncork it, simply put it on away,
For inside there lies a summer's day,
Put it on away,

Now I'd be pleased if you didn't ask why I gave this
gift to you,
Don't know myself, did it on a whim,
As the thought came running through,
I just wanted to make you happy,
In a summertime sort of way,
And I thought you might like your own summer's
day,
Put it on away

Can you read the writing on this tiny bottle's wall?
I know that it's quite small, but I can read it all.
It says she who is reading me is looking right at my
side,
And might be sort of interested at what lies inside.
There'll be one breath of a butterfly,
One ray from the sun,

And lots and lots of laughter from little children's
fun,
Don't you dare uncork it, or everything will get
away,
I just want you to have your own summer's day,
Put it on away

Camp Togowoods Anthem

Campers are we having fun neith the trees,
And when we are done we sleep in the sun,
Cuz we're from Camp Togowoods.....

Togo, our dog, he led the race,
Helping the sick stay alive in their place,
Cuz we're from Camp Togowoods.....

Alaska's are home and we're free here to roam,
In order to stay, we know peace is the way,
Cuz we're from Camp Togowoods.....

Girl Scouts are we, on this Earth we are free,
But we take good care so we leave it to share,
Cuz we're from Camp Togowoods.....

Camp Togowoods

Oh up in the northwoods,
There was a camp by the name of Togowoods
Where we spend our days in the summer sun,
Living our life so free.

We swim, canoe, we hike and row,
We cook and trip out too,
And the only only thing that makes it so great is
sharing it all with you!

At night the trees so straight and tall,
Whisper soft and low
The heart of nature's lullaby
That we've all learned to know.

The loons the waves across the lake,
The wind in the rustling grass,
All add their not in quiet song
Until the night has passed.

Then comes a bleak December morn
And we are far away
But we'll recall our Girl Scout camp
And pledge our return one day

To swim, canoe, to hike and row,
to cook and trip out too,
And the only only thing we wish we could do
Is stay our whole lives through

Yes she can, yes she can!

Can a woman be a lawyer?
Yes she can, yes she can!
Can a woman fix an engine?
Yes she can, yes she can!

Can a woman be a drummer?
Can a woman be a plumber?
Can she play ball in the summer?
Yes she can, yes she can!

Can a woman be a doctor?
Yes she can, yes she can!
Can a woman drive a tractor?
Yes she can, yes she can!

Can a woman lead a nation?
Can she run a TV station?

Yes she can, yes she can!

Just you wait until we're older,
then you'll see
We'll be women in tomorrow's
history!

As we grow up through the years
We'll sing out loud and clear
Can we start the process here?
Yes we can, yes we can!!

Circle Game

Yesterday a child came out to wander
Caught a dragonfly inside a jar
Fearful when the sky was full of thunder
And tearful at the falling of a star

CHORUS

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look behind
From where we came
And go round and round and round
In the circle game

Then the child moved ten times round the seasons
Skated over ten clear frozen streams
Words like, when you're older, must appease him
And promises of someday make his dreams

CHORUS

Sixteen springs and sixteen summers gone now
Cartwheels turn to car wheels through the town
And they tell him,
Take your time, it won't be long now
Till you drag your feet to slow the circles down

CHORUS

So the years spin by and now the boy is twenty
Though his dreams have lost some grandeur
coming true
There'll be new dreams, maybe better dreams and
plenty
Before the last revolving year is through

CHORUS

And go round and round and round
In the circle game

Dip Dip and Swing

My paddle's keen and bright
Flashing with silver
Follow the wild goose flight
Dip, dip and swing
Dip, dip and swing her back
Flashing with silver
Swift as the wild goose flight
Dip, dip and swing

Flicker of a Campfire

The flicker of a campfire, the wind in the pines
The moon in the meadow, the stars that shine
A place where people gather, make friends of all
kinds
A place where all our troubles are always left
behind
Ba dum ba dum ba dum ba dum ba dum Ba dum
ba dum ba dum ba dum ba dum

So give me the light of a campfire, warm and bright
And give me some friends to sing with; I'll be here
all night
Love is for those who find it; I found mine right
here
Just you and me and the campfire and songs we
love to hear
Ba dum ba dum ba dum ba dum ba dum Ba dum
ba dum ba dum ba dum ba dum

Happiness Runs

Happiness runs in a circular motion
Love is like a little boat upon the sea
Everybody is a part of everything anyway
You can be happy if you set yourself free
Happiness runs happiness runs
Happiness runs happiness runs

Heroes

What can I learn from you
In your lifetime, in what you've been through
How'd you keep your head up & hold your pride In
an insane world how d'you keep on tryin'
One life can tell the tale
That if you make the effort, you cannot fail
By your life you tell me it can be done
By your life's the courage to carry on

Heroes appear like a friend
To clear a path or light the flame
As time goes you find you depend
On your heroes to show you the way

What can I learn from you
That I must do the thing I think I cannot do
That you do what's right by your heart & soul
It's the imperfections that make us whole
One life can tell the tale & if you make the effort
you cannot fail
By your life you tell me it can be done
By your life's the courage to carry on

How Could Anyone
How could anyone ever tell you
You were anything less than beautiful?
How could anyone ever tell you
You were less than whole?
How could anyone fail to notice
That your loving is a miracle?
How deeply you're connected to my soul.

I Love the Mountains

I love the mountains.
I love the rolling hills.
I love the flowers.
I love the daffodils.
I love the fireside.
When all the lights are low.

Boom dee ah dah. Boom dee ah dah. (x4)

I love the ocean
I love the open sea
I love the forest
I love the bumblebees
I love the stars above
When night turns into day
Boom dee ah dah. Boom dee ah dah. (x4)

I love the sunshine
I love the butterflies
I love the windblow
I love the river flow
I love the city lights
When the moon is high

Boom dee ah dah. Boom dee ah dah. (x4)

Inspire Me

Everybody needs someone to show them what is possible
Everybody needs someone to go as far as she can see
I need to stand upon the shoulders of giants
I need a woman who's as big as me.

CHORUS

So I said, give me a woman who can climb the tallest mountain.
Give me a woman who can swim across the widest sea.
Women need women who lead lives of boldest daring.
Tell me the stories; they inspire me.

When I was a little bitty baby sitting on Mama's knee
I looked around to see just what the future had in store for me
I needed to see women who were living without limits
I needed to see women making history.

CHORUS

When I was a young teenager reading my Seventeen,
I looked around to see just what the future had in store for me
Women in the fashion mags were too small for my dreams,
I needed to see women just as big as me.

CHORUS

Give me Amelia who went soaring 'cross the ocean
Winnie Mandella who is going to set her people free
Judy Chicago who breaks all artistic silences
These women leave a precious legacy.

CHORUS

Land of the Silver Birch

Land of the silver birch
Home of the beaver
Where still the mighty moose
Wanders at will
Blue lake and rocky shore
I will return once more
Boom-diddy-ah-da, Boom-diddy-ah-da, Boom-
diddy-ah-da, bo-oo-oom

High on a rocky ledge
I'll build my wigwam
Close to the water's edge
Silent and still
Blue lake and rocky shore
I will return once more
Boom-diddy-ah-da, Boom-diddy-ah-da, Boom-
diddy-ah-da, bo-oo-oom

My heart grows sick for thee
Here in the lowlands
I will return to thee hills of the north
Blue lake and rocky shore
I will return once more
Boom-diddy-ah-da, Boom-diddy-ah-da, Boom-
diddy-ah-da, bo-oo-oom

Land of the silver birch
Home of the beaver
Where still the mighty moose
Wanders at will
Blue lake and rocky shore
I will return once more
Boom-diddy-ah-da, Boom-diddy-ah-da, Boom-
diddy-ah-da, bo-oo-oom

Life of a Voyageur

Life of a voyageur
that of a sojourner
travels around and round
but not from town to town
travels the lakes and streams
follows his distant dreams
peace on the waterways
blue sky, no cloudy days

My heart has but one home
from which I'll never roam
land of true happiness
Canadian wilderness

Call of the lonely loon
coyotes howling at the moon
wind rustling through the trees
that's a Canadian breeze
smoke rising from the fire
up through the trees which in stately spires
reach towards the evening glow
sun goes down, no northwinds blow

My heart has but one home
from which I'll never roam
land of true happiness
Canadian wilderness

Mist rising from the falls
distant hooting of the owls
fire crackling through the night
bird's cry at dawn's first light
fall when leaves come tumbling down
winter's blanket covers ground
zephyrs blowing through the pines
voyageur's heritage, this is mine

My heart has but one home
from which I'll never roam
and of true happiness
Canadian wilderness

Life of a voyageur
that of a sojourner
clear as the mountain stream
key to my distant dream
some day I'll find it there
place where I'll lose all care
owls hoot and loons cry free
there I'll find my liberty

My heart has but one home
from which I'll never roam
land of true happiness
Canadian wilderness!

Linger

Hmmm, I want to linger.
Hmmm, A little longer.
Hmmm, A little longer,
Here with you.

Hmmm, It's such a perfect night.
Hmmm, It doesn't seem quite right.
Hmmm, That this should be, my last with you.

Hmmm, And come September,
Hmmm, I will remember,
Hmmm, Our Camping days,
Of friendships true.

Hmmm, And as the years go by,
Hmmm, I'll think of you and sigh.
Hmmm, This is good night
And not good bye.

Hmmm I want to linger.
Hmmm A little longer.
Hmmm A little longer,
Here with you.

Magic

When I was young I thought the stars were made
for wishing on
And every hole deep in a tree might hide a
leprechaun
Old houses all had secret rooms, if you could find
the key
I do believe in magic, I believe

CHORUS

Magic is the sun that makes a rainbow out of rain
Magic keeps the dream alive to try and try again
Magic is the love that stays when good friends have
to leave
I do believe in magic, I believe

Growing up the grown-ups said someday I'd wake
to find
That magic's just a childhood dream I'd have to
leave behind
Like clothes that would no longer fit and toys that
I'd ignore
I'd not believe in magic anymore

CHORUS

Now that I am grown I found that much to my
surprise
Magic did not fade away, it took a new disguise
A child, a friend, a smile, a song, the courage to
stand tall
I do believe in magic, after all

Magic is the sun that makes a rainbow out of rain
Magic keeps the dream alive to try and try again
Magic is the love that stays when good friends have
to leave
I do believe in magic, love's the greatest magic
I do believe in magic, I believe

May All of Your Dreams

May all your dreams bloom like daisies in the sun
May you always have stars in your eyes
May you not stop running on until your race is won
May you always have blue skies

A dream is something all your own to keep within
your heart
To build on when you're glad or when your world's
been torn apart
A dream is something all your own that no one else
can steal
A dream is something you can make come real

May all your dreams bloom like daisies in the sun
May you always have stars in your eyes
May you not stop running on until your race is won
May you always have blue skies

Now you can share a laugh with any stranger on
the street
And you can share your money with a beggar on
the street
But you can only share your dream when love has
set it free
So please, won't you share yours with me?

May all your dreams bloom like daisies in the sun
May you always have stars in your eyes
May you not stop running on until your race is won
May you always have blue skies

Make New Friends

Make new friends, but keep the old.
One is silver, the other is gold.

A circle is round, it has no end.
That's how long, I will be your friend.

A fire burns bright, it warms the heart.
We've been friends, from the very start.

You have one hand, I have the other.
Put them together, we have each other.

Silver is precious, gold is too.
I am precious, and so are you.

You help me and I'll help you
and together we will see it through.

The sky is blue. The Earth is green
I can help to keep it clean

Across the land, Across the sea
Friends forever we will always be

Meg's Lullaby

Sing your lullaby to the world
It's a happy song you know
For the children need their sleep
To grow
Softly as the people sleep
The moon moves through the sky
As she sings to us all
Her lullaby

Moon on the Meadow

Moon on the meadow, bugs in our ears
Smoke in our eyes, wet wood and tears
Out on the meadow, water somewhere
We were the only ones there

Wild horse and slushy, dry lakes the peaks
Finding the love there everyone seeks
Hiking to rainbows, sunsets and stars,
Just finding out who we are

We shall return here one lucky day
Our hearts will guide us, they've learned the way.
People in cities don't understand
Falling in love with the land

Moon on the meadow, bugs in our ears,
Smoke in our eyes, wet wood and tears
Out on the meadow, water somewhere
With you my friend, I am there

On My Honor

CHORUS

On my honor, I will try.
There's a duty to be done and I say aye.
There's a reason to be here for a reason above.
My honor is to try and my duty is to love.

People don't need to know my name.
If I've done any harm, then I'm to blame.
If I've helped someone, then I've helped me.
And I've opened up my eyes to see.

CHORUS

I've tucked away a song or two.
If you're feeling low, there's one for you.
If you need a friend, then I will come.
And there's many more where I come from.

CHORUS

Come with me where the fire burns bright,
We can even see better by the candle's light.
And we'll find more meaning in a campfire's gold,
Than we've ever found in a year or so.

We've made a promise to always keep.
And to pray night falls before we sleep.
We are Girl Scouts together and when we're gone,
We'll still be trying and singing this song.

CHORUS

On the Loose

CHORUS

On the loose to climb a mountain, on the loose
where I am free
On the loose to live my life the way I think my life
should be
For I've only got a moment and the whole world yet
to see
I'll be looking for tomorrow on the loose

Have you ever watched the sunrise turn the sky
completely red?
Have you slept beneath the moon and stars, a pine
bough for your bed?
Do you sit and talk with friends though not a word
is ever said?
Then you're just like me and you've been on the
loose

CHORUS

There's a trail that I'll be hiking just to see where it
might go
Many places yet to visit, many people yet to know
And in following my dreams, I will live and I will
grow
On a trail that's waiting out there on the loose

CHORUS

So in search of love and laughter I'll be traveling
'cross this land
Never sure of where I'm going for I haven't any plan
And in time when you are ready, come and join me,
take my hand
And together we'll share life out on the loose

CHORUS

As I sit and watch the sunset and the daylight
slowly fades
I am thinking of tomorrow and the friendships we
have made
I will value them for always and I hope you'll do the
same
And forever we'll explore life on the loose

Peace

Peace I ask of thee o river, peace, peace, peace.
When I learn to live serenely, cares will cease.
From the hills I gather courage, visions of the days
to be,
Strength to lead and faith to follow, all is given unto
me.
Peace I ask of thee o river, peace, peace, peace.

Puff the Magic Dragon

CHORUS

Puff, the magic dragon lived by the sea
And frolicked in the autumn mist in a land called
Honahlee

Little Jackie paper loved that rascal puff
And brought him strings and sealing wax and other
fancy stuff oh

CHORUS

Together they would travel on a boat with billowed
sail
Jackie kept a lookout perched on puff's gigantic tail
Noble kings and princes would bow whenever they
came
Pirate ships would lower their flag when puff
roared out his name oh

CHORUS

A dragon lives forever but not so little boys
Painted wings and giant rings make way for other
toys
One grey night it happened, Jackie Paper came no
more
And puff that mighty dragon, he ceased his fearless
roar

CHORUS

His head was bent in sorrow, green scales fell like
rain
Puff no longer went to play along the cherry lane
Without his life-long friend, Puff could not be brave
So Puff that mighty dragon sadly slipped into his
cave oh

CHORUS

One fine day it happened, Puff woke from a dream,
He thought he saw a familiar face and Jackie's
voice it seemed.
He looked around his cavern and over by the door,
He saw a little boy with a smile he'd seen before.

"Hello my name is Billy, my dad told me your name.
He said I'd find you in the cave along the cherry
lane.
So Puff that mighty dragon, he smiled in his joy.
A childhood friend was here again for this was
Jackie's boy!

CHORUS

Smore's

S'mores s'mores s'mores s'mores
First you roast a marshmallow toasty and hot
Take a graham cracker and some dark chocolate
Put it all together and what have you got?
S'mores.... Glorious s'mores
We need some more S'mores.... (repeat)

Swimming

CHORUS

We are living 'neath the Great Big Dipper
We are washed by the very same rain
We are swimming in the stream together some in
power and some in pain
We can worship this ground we walk on cherishing
the beings that we live beside
Loving spirits will live forever we're all swimming
to the other side

I am alone and I am searching
hungering for answers in my time
I am balanced at the brink of wisdom
I'm impatient to receive a sign
I move forward with my senses open
Imperfection it be my crime
In humanity I will listen
We're all swimming to the other side

CHORUS

On this journey through thoughts and feeling
Finding intuition, my head my heart
I am gathering the tools
together I'm preparing to do my part
All of those who have come before me band
together and be my guide
Loving lessons that I will follow
We're all swimming to the other side.

CHORUS

When we get there we'll discover all of the gifts we
were given to share
Have been with us since life's beginning and we
never noticed they were there
We can balance at the brink of wisdom
Never recognizing we've arrived
We're all swimming to the other side

CHORUS

Thinking Like a Mountain

Thinking like a mountain and trusting like the
dawn,
Raging like a wildfire and loving like the black-
necked swan,
Moving like the lightning and dreaming like a stone,
Thinking like a mountain, honey, we will make it
home.

Thinking like a mountain and breathing like a
whale,
Bending like the birch trees when the heavens blow
we cannot fail.
Roaming like a turtle, growing like a seed that's
sown.
Thinking like a mountain, honey, we will make it
home.

Make it home, like a mountain, make it home, like a
stone,
Find the mountain deep within your heart, nobody
is alone
The wilderness calls out our names from deep
inside our bones,
And thinking like a mountain, honey, we will make
it home.

Watch the eagle circle, smell the bear upon the
land,
Feel the ocean, hear the wind, our bodies
understand,
With spirits open to the sky and feet on living
ground,
Thinking like a mountain we will turn this thing
around.

Thinking like a mountain and yielding like a
stream,
Patient as a porcupine and steady as an evergreen,
Singing like the wild geese as they wind their way
along,
Thinking like a mountain, honey, we will make it
home,
Make it home, like a mountain, make it home, like a
stone,
Find the mountain deep within your heart, it's
calling you back home!

Wee Baby Moon

There's a wee baby moon, up there in the sky
With her little silvery toes in the air
And she's all by herself in the deep blue sky
But the wee baby moon doesn't care.

There's a wee baby bear, lying on her back
With her little furry paws in the air
And she's all by herself on the forest floor
But the wee baby bear doesn't care.

There's a wee baby loon, bobbing up and down
With her black satiny neck in the air
And she's all by herself in the Boundary Waters
But the wee baby loon doesn't care.

There's a wee baby moon, up there in the sky
And I think she's smiling down at me
So I'll give her a laugh and she'll smile right back
And I'll ask her to come play with me.

Yukon Sally

Yukon Sally lives on the mountain side
Yukon Sally she likes to mountain climb
She has a pack and an old canteen
A hundred little things that she has seen
And a hundred stories if you've got awhile

Helicopter Joe lives down the road a ways
Helicopter Joe flies passengers all day
Up to the highest peak around
Takes a photograph and takes them down
So they can verify their lofty claims

Joe calls Sally every now and then
He says "Come on Sally, have a little sense
That mountain climbing is a silly waste of time
I've got a way you can skip all that
Get you to the top in minutes flat"
Sally just shakes her head and smiles wide
And says "I think I'd rather climb"

Joe sells rides to the hurried working class
They want sights and they want to see them fast
They say "this is nice and I hate to rush
But we can catch a bite if we hurry up
And maybe do the ocean after that"

Sally dallies in the scent of evergreen
Cools her feet in a chilly mountain stream
Stays outside when the sky grows dark
Walks in time to her beating heart
And meditates a moment at the peak

Joe calls Sally every now and then
He says "Come on Sally, have a little sense
That mountain climbing is a silly waste of time
I've got a way you can skip all that
Get you to the top in minutes flat"
Sally just shakes her head and smiles wide
And says "I think I'd rather climb"

She says "Joe, the climbing is half the joy
You might reach the peak but that's not the point"
Joe says "Sally, you're a mystery to me"

Yukon Sally lives on the mountain side
